

DHS ATHLETIC BOOSTER CLUB - December 2022

The DHS Athletic Booster Club's Mission is to promote athletic success, spirit, sportsmanship and a commitment to excellence beyond the classroom. We strive to support programs and resources that enhance athletic programs, the student-athlete experience, and the athletic facilities at DHS. With your help and support we can honor our commitments and make a difference this school year.

COMMUNITY SPONSOR/PARTNER SPOTLIGHT: ATHLETICO

It is estimated that as many as 3.9 million sports and activities-related concussions occur annually in the U.S. A concussion can occur from either a bump, blow, or jolt to the head or body that causes the head and brain to move rapidly back and forth, either from a fall, a collision of players, or impact from the ground or other obstacles. Collision sports are at the highest risk for concussions, but any athletic activity remains a risk. [Click here](#) to learn more about the management of concussions in sports.

Physical therapy is usually the thing you are told to do after medication, x-rays or even surgery. But what if the best way to fix your aches and pains is to start with physical therapy? If you experience any aches or pains, [click here](#) to request a free assessment from our partner, **Athletico Physical Therapy**. Free assessments are available in-clinic or virtually through their Telehealth platform.

Order a **YARD SIGN** and display ALL YEAR to show your DHS spirit! **ONLY \$25 EACH.** **ALERT: Next deadline is this Friday, 12/2.** If you miss this deadline, you will have to wait until the end of March. http://www.d113boosters.org/store/p10/Yard_Signs.html
